

International Society on Minimally Invasive
Techniques In Neurosurgery

Mission statement:

- ❖ To develop the basic until the advance technique of minimally invasive neurosurgery in all subspecialties
- ❖ To provide a new concept or novel technique to improve the surgical treatment
- ❖ To accomplish on effective approach towards minimal tissue traumatization, preservation of neurological function
- ❖ To support young neurosurgeons who interest in the minimally invasive surgery to train their skill

Vision statement:

- ❖ To promote knowledge and enhance skill of minimal invasive neurosurgery to improve the treatment outcome

History of ISMINS

- ❖ Foundation Meeting in Florence in 2010
- ❖ Registered in Milan - 2011

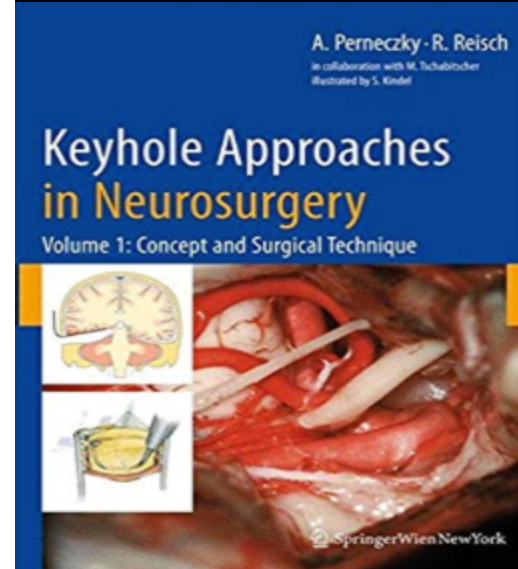

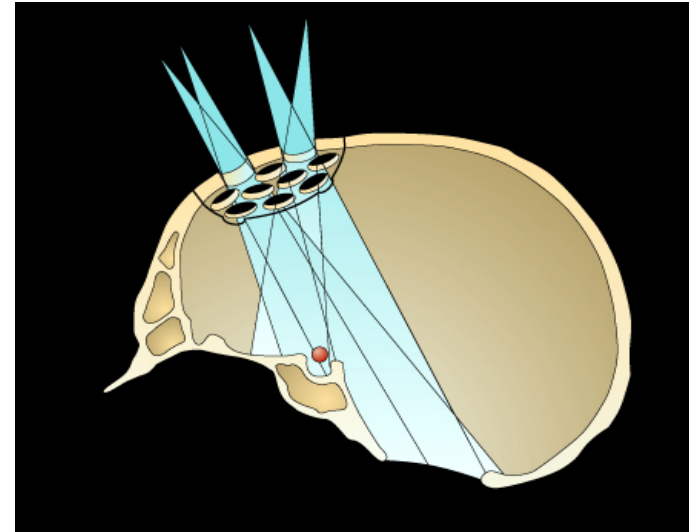

“International Society of Minimal Invasive Neurosurgery (ISMINS) ”

(1945-2009)

2nd ISMINS Educational Course / Interim Meeting (Kuala Lumpur, Malaysia @ Oct 1-5 , 2015)

REPORT

Prepared by : Dr. Azmi Alias

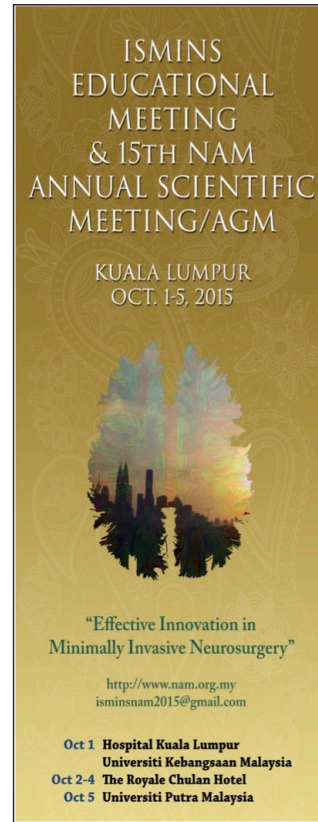

Co-organised by :

Supported by :

Co-Organizer : Department of Neurosurgery, Tunku Abdul Rahman Neuroscience Institute, Hospital Kuala Lumpur

INTRODUCTION

The Joint ISMINS Educational Meeting and 15th NAM Annual Scientific Meeting 2015 was successful co-organised by the Department of Neurosurgery, Tunku Abdul Rahman Neuroscience Institute (IKTAR), Hospital Kuala Lumpur, Neurosurgical Association of Malaysia (NAM) and International Society on Minimally Invasive Technique in Neurosurgery (ISMINS) from 01 October to 05 October 2015 in Kuala Lumpur, Malaysia.

Historically, this event marked the 2nd International Educational Meeting organized by ISMINS following the 1st educational course which was successfully organized in Vienna, Austria by Prof. Engelbert Knosp in 2013 and the 1st National Conference for Nurses and Paramedics.

This joint meeting was also supported by the Ministry of Health, Malaysia, Ministry of Tourism and Malaysian Convention and Exhibition Bureau (MyCEB), Department of Radiology, Department of Forensic Hospital Kuala Lumpur, Department of Forensic Hospital Serdang, Veterinary University Hospital UPM, Department of Human Anatomy, University Putra Malaysia (UPM) and Advanced Surgical Skill Centre, Universiti Kebangsaan Malaysia Medical Centre (UKMMC).

The smart partnership between ISMINS International teaching faculties and local expertise paved a new model of advanced and focus Minimally Invasive training course, combining an educational meeting and hands on practical session for both doctors and nurses/paramedics.

It was described as a high standard with excellent organization and eye opening by the international delegates and local participants which attracted the interest of young Neurosurgeons, trainees, Nurses and paramedics.

The meeting theme was " Effective Innovation in Minimally Invasive Neurosurgery " aimed to discuss recent development in various diagnostic and therapeutic intervention in Neurosurgery emphasizing on effective approach towards minimal tissue traumatization, preservation of neurological function and improved

outcomes through series of lectures, scientific presentation, interactive discussion and hands on practical sessions.

The educational meeting was held at the Royale Chulan Hotel, Kuala Lumpur from 02 to 04 October 2015, preceded by 3 concurrent workshops on Percutaneous Endoscopic Cadaveric Spine, Hands on Endovascular with Live Intervention and Practical Session for Nurses and Paramedics followed by Post Congress Workshop on Vascular Anastomosis on 05 October 2015.

ATTENDANCE

We received total of 182 delegates from 14 different countries worldwide including invited speakers. Majority were local Malaysian which contributed 78% (143) of the delegates followed by 22% (39) from abroad. Doctors (Neurosurgeons, Trainees and Medical Officers) contributed 65% (115) followed by Nurses / Paramedics with 37% (67) of the total attendance.

The distributions of attendance by countries in alphabetical orders as follows:

- 1) Australia (1)
- 2) Bangladesh (2)
- 3) Egypt (2)
- 4) Germany (2)
- 5) India (2)
- 6) Indonesia (4)
- 7) Republic of Iraq (2)
- 8) Italy (3)
- 9) Japan (17)
- 10) Malaysia (143)
- 11) The Phillipines (1)
- 12) South Korea (1)
- 13) Taiwan (1)
- 14) United Arab Emirates (1)

Precongress workshops 1 & 2 (MIS Spine & Endovascular)

PRECONGRESS WORKSHOP 1 (Cadaveric Endoscopic & Percutaneous Spine)

The Minimally Invasive Endoscopic and Percutaneous Interlaminar Device Spine Cadaveric workshop was successfully organized at the Advanced Surgical Skill Centre, Universiti Kebangsaan Medical Centre on Thursday , 01 October 2015 from 8:30am to 5:00pm.

It was attended by 14 participants with hands on practical session. There was 5 workstations equipped with Endoscopic Spine GORE system from Karl Storz , fresh human Cadaver and equipment for Interlaminar device from Cousin. as well as 2 unit of portable image intensifier unit

The session started with series of lectures presented by Prof. Giancarlo Guizzardi, Dr. Satischandra Gore and Dr. Hyeun Sung Kim followed by demonstration of Endoscopic Lateral Transforaminal Approach (S. Gore), Dorsal Interlaminar Approach (HS Kim) and Posterior Interlaminar device (G.Guizzardi).

It was concluded with faculty Dinner at Songket, Restaurant, Kuala Lumpur.

PRECONGRESS WORKSHOP 2 (Endovascular and Live Intervention)

The Neurosurgery Endovascular with Live Intervention was successfully organized at the Surgical Skill Laboratory, Specialist Clinic and Ambulatory Day Care Surgery and Department of Radiology, Hospital Kuala Lumpur on 01 October 2015 from 8:30am to 5:00pm.

Participants was given the opportunity to learn the basic technique of cannulation, catheterization, coiling and clot extraction on acrylic board.

It was followed by simulation of cases and Live Endovascular coiling for a case of ruptured Anterior Communicating Artery Aneurysms performed by Professor Naoya Kuwayama. The other invited faculty members were Prof. Naoki Akioka (Japan), Dr. Lau Jia Him (Malaysia) and Dr. Harsan Harsan (Indonesia).

A total of 20 participants attended the workshop, consisting of trainees and residents from Malaysia. The workshop was supported by Covidien, Stryker, Medtronic and Mentice. Overall the workshop was a success, with good reviews and feedback received from both participants and instructors.

Post Congress Workshop 4 (Vascular Anastomosis)

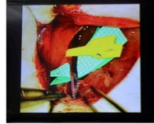

POST CONGRESS WORKSHOP 4

The Exo Vascular Neurosurgery Anastomosis Workshop was successfully held on Monday, 5th October 2015 at University Putra Malaysia (UPM), Serdang from 8:30am to 5:00 pm and was attended by 20 Hands on participants.

Invited faculty members:

- 1) Prof. Kentaro Mori
- 2) A.Prof. Naoki Otani
- 3) Prof. Katsumi Takizawa
- 4) Dr. Yasushi Shin

It was divided into 2 parts:

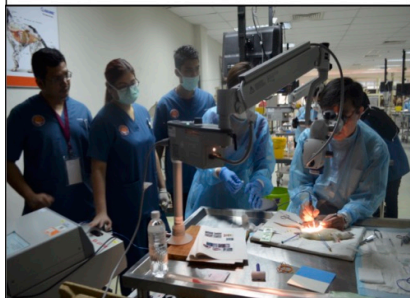

- 1) Live Animal Vascular Anastomosis– at Veterinary Hospital, UPM lead by Prof. Kentaro Mori and Naoki Otani.
- 2) Cadaveric Demonstration on Radial Artery High Flow ECA –MCA bypass at the Dissection Hall, Department of Human Anatomy, UPM by Prof. Katsumi Takizawa.

Cadaveric Demonstration on ECA MCA High Flow Bypass at Human Anatomy Department, UPM

Vascular Anastomosis at Skill Laboratory, Veterinary University Hospital, UPM

Demonstration of High Flow By pass

Pre Congress Workshops 3 (Nurses & Paramedics)

1st National Conference for Nurses & Paramedics 2015

CONCLUSION

In summary, this joint educational meeting was concluded as a great success. On behalf of the local organizing committee, I would like to take this opportunity to thank the Neurosurgical Association of Malaysia (NAM), International Society on Minimally Invasive Techniques in Neurosurgery (ISMINS), Neurosurgical Association of Malaysia, Universiti Kebangsaan Malaysia (UKM), Universiti Putra Malaysia (UPM), Hospital Kuala Lumpur (HKL), medical industries and sponsors for the support and most importantly the local organizing committee members from Department of Neurosurgery, Hospital Kuala Lumpur who has been working very hard throughout the event.

1-5 October 2015

3rd ISMINS Congress / Interim Meeting Cairo, Egypt @ Oct 18-21, 2016

3RD - CAIRO, EGYPT

The poster features a blue and red color scheme. At the top left, '3rd' is written in white on a red square. Below it, 'ISMINS' is written in large white letters. Underneath, 'International Congress on Minimally Invasive Neurosurgery' is written in smaller white text. 'Cairo' is written in large yellow letters, followed by 'Contemporary MIN' in yellow. At the bottom, it says 'In collaboration with Egyptian Society of Neurological Surgeons El-Galaa Military Medical Complex' and '18th-21st October 2016 Marriott Hotel, Egypt'. On the right side of the poster, there are three circular logos: the top one is for ISMINS (International Society on Minimally Invasive Neurosurgery), the middle one is for ESNS (Egyptian Society of Neurological Surgeons) with Arabic text, and the bottom one is for GMCM (Giza Military Medical Complex) with Arabic text.
